<small>*The card verification value (CVV2) is a non-embossed number located on your card that cannot be obtained easily by using an imprint of your card or simply copying down the account number. Discover/Visa/MasterCard CVV2 numbers are the last three digits printed in the signature field on the back of your card. American Express CVV2 numbers are four digits long and are printed above the last four digit block on the front of the card.</small>
